E. L. Beard, of the Levels, was here the first day of Court. He imported several car loads of blooded sheep from the West last spring and it is his intention to buy more. Although they cost him a fancy price, the sheep have paid a dividend of fifty per cent on the investment. They were of the DeLaine and Ramboulette breeds. The whole flock averaged 6 3-4 pounds of wool to the head, and the yearling sheep had 12 1-2 pounds of wool.

Walter Grimes, of Dilleys Mill, left with us an old fashioned copper cent, of the mintage of 1890, which he had picked up in the road on his way to town. It had lain so long in the road that the date and superscription were almost obliterated and was much battered up. In nearly every family are to be found these cambered old coins, but generally they have been put so often in the applebutter kettle to keep the butter from sticking that they are, in almost every instance, worn smooth.

Page Gay lost a horse by driving his team over the road on Price Hill Wednesday morning. He had bought a cow of Ned Hymes and had just driven into the pike and turned aside to allow a wagon to pass. One of his horses scared and jumped over the road. One horse caught in the fork of a tree and held the other horse and buggy. When the other horse was cut loose he rolled several hundred feet down the precipitous mountain side nearly to the river, lodging against a log and breaking his leg.

All the remaining tracts lie in this county. Mr Schindel is a rather old appearing man to be engaged in so arduous a task as surveying rough mountain lands, but had four years schooling in hardy under Pickett in the Confederate army.

FATAL WRECK

John W. McComb Killed on Marlinton & Camden Railway
As the log train on the Marlinton & Camden Railway was coming off the mountain at the John Young farm above Onoto, with four loaded C. & O. cars, the train got beyond the control of the engine and started at the breakneck speed down the heaviest grade on the whole road to the Old Church on Stoney Creek. Opposite P. L. Carter's the two hind trucks, one loaded with bark and the other with logs, jumped the track and John W. McComb was thrown against the embankment and instantly killed.

At the Old Church the other two cars and the engine left the track. Taylor George had his shoulder dislocated, arm and leg broken and A. E. Aiken was seriously injured by a car of logs falling upon him. Both are at the Marlinton Hospital.

The cause of the wreck was the refusal of the air breaks to work and the engine was unable to hold the train.

Mr McComb is a native of this county and lives on Beaver Creek. He is about fifty years of age, and leaves a wife, who is a daughter of the late Dr Barnes, and two children. He has worked in the woods since lumbering first began here about twenty five years ago. The past season, he completed a large bark contract for the Campbell Lumber Company.

Randolph News
E. D. Talbot, of Elkins has decided to resign as a candidate for the legislature on the Democratic ticket on account of ill health. He is now in a Baltimore hospital where he underwent a very serious operation.

About seventy-five Confederate veterans gathered at the reunion at Huttonsville last Saturday where nearly fifty years ago quite a few of them had been mustered into the service of the State of Virginia. The speaker of the day was C. Wood Dailey, of Elkins, and the commanding officer Warwick Hutton. There were more than a dozen regiments represented there, but the Thirty-first Virginia Infantry had the most members. This regiment was organized at Huttonsville on the 24th of May, 1861, and was as good a regiment as was on either side.

Chief of Police Davis, of Elkins, was badly beaten up Saturday night. He had arrested a man named John Nallen and took him to the lockup, where he met a number of the prisoner's friends who proceeded to take him away from the officer. Davis is laid up, and the prisoner and his friends are in jail awaiting examination.

Lightning struck the church at this place Tuesday evening, damaging it considerably. The lightning seems to have come down the spire to the top of the church, and then ran down all four corners of the church tearing off the corner boards, bursting the weather boarding and ceiling, and splitting some of the corner posts. Only two window panes were broken. Some wagons were near the church in the road, and were shocked considerably.
